RESIDENCE 7 WINDOWS & DOORS | PAINSWICK ● CHALK WHITE

My RESIDENCE

Case Study

"Our architects suggested early on that we should look at The Residence Collection. We were very impressed by the design and quality.

The flush finish to the frames, the side hung casements with astragal bars, the colour and grained finish complemented the 'arts and crafts' appearance that we were looking for in the design of the house, we were delighted!

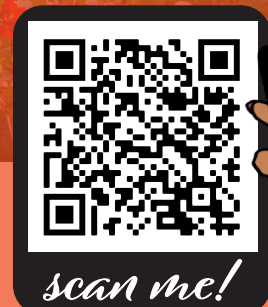

We decided to have the mechanical jointing which finished off the traditional look we were aiming for.

The windows are fantastic!

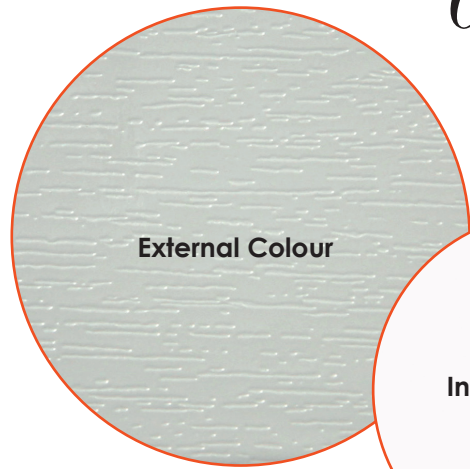

They set off the house beautifully and, in particular the breakfast room, which achieved the effect we were looking for perfectly. We would say without doubt these windows and doors are worth the investment; they are just superb and worth every penny."
