RESIDENCE 9 WINDOWS | CORSE LAWN ● GRAINED WHITE

RES

My RESIDENCE *Case Study*

Tucked away in the Shropshire countryside, lies Pinstone Farm which has been in the family for three generations. The outbuildings date back to the 19th Century and have non-designated heritage asset credentials.

Residence 9 in Corse Lawn was chosen for this 'lockdown' renovation. They were recommended by the Shropshire planning office to be the perfect partner for this conservation area, offering beautiful aesthetics, high performance and low maintenance - all whilst keeping that traditional timber look!

R9 windows have been specifically designed to aesthetically replicate documented historical window designs from the 19th Century.

The windows add to the appeal of the renovation, the Timberweld® jointing technology adds to the traditional look and feel.

Furthermore, the glass sightlines are perfectly equal providing symmetry and style. The Grained White interior, decorative 28mm glazing bead and pear drop handles finish the stylish interior decor.

*Timberweld® joint for a true
timber alternative*
